Creating RetailEdge Classes for Better Inventory Management

Training Videos · https://retailedge.com/docs/creating-retailedge-classes-for-better-inventory-management

Although classes (categories), unlike departments in RetailEdge, are optional, they can be extremely useful for your business allowing you to determine what groups of items are selling and what are not. This will allow you to be more profitable by selling the right items, getting rid of non-selling items, and purchasing the items that truly make you money.
